Disability Income Insurance Helps Protect the Way You Live

A sound financial plan ensures that the assets you've worked hard to build are protected. If you were sick or injured and unable to work, have you considered how you'd replace the loss of your income?

It's only natural to think a disability won't happen to you. But here's a fact – one in four of today's 20-year-olds can expect to be out of work for at least a year because of a disability before they reach normal retirement age.*

If you want to help replace a portion of your income if you're sick or injured and can't work, Mutual Income SolutionsSM – disability income insurance policy from Mutual of Omaha Insurance Company – can help. It's financial protection providing benefits that allow you to focus more on your recovery and less on how you'll cover expenses.

Disability Income Insurance Basics

How Does Disability Income Insurance Work?

If you become sick or injured and can't work, you'll receive a monthly benefit – think of it as your monthly paycheck – that helps replace a portion of your lost income.

How Much Income Can Disability Income Insurance Replace?

Disability insurance can replace 50 – 70% of your income if you're sick or injured and are unable to work.

How Soon Can I Get Benefits?

There's an elimination period that begins after your disabling event occurs. The elimination period varies based on your occupation and the policy you select.

Expenses Don't Stop

When you're sick or injured and unable to work, your income stops but your living expenses don't. The benefits that disability income insurance provide can help offset the loss of your income.

Before a Disability

Your income is likely greater than your expenses when you're working and earning money.

After a Disability **WITHOUT** disability income insurance

Your expenses could exceed your family's income.

After a Disability **WITH** disability income insurance

Disability income insurance benefits can replace 50 to 70% of your income if you're sick or injured and unable to work.

43%

Percentage of all current 40-year-olds who will have a disability event lasting 90 days or more by the time they're 65*

51
Million

Number of working adults in the U.S. who don't have disability insurance coverage*

3
Years

Approximate average length of a disability absence from work.*

Protecting More Than Your Income

Here are some of the other important things in your life a disability income insurance policy helps protect:

- Your home
- Your family
- Your lifestyle
- Your retirement
- Your personal savings

Did You Know?

Most disabilities are caused by illnesses, not accidents. The most common causes of long-term disability claims are:*

- Musculoskeletal disorders
- Mental health issues
- Cancer
