

How will you fix the out-of-pocket-cost dilemma?

Fix customers' high-deductible woes with one of our multi-coverage out-of-pocket-cost solutions

Increase your commissions while helping customers fill gaps in their coverage with our multi-coverage out-of-pocket plans.

Very few customers have money set aside for unexpected medical expenses. And when the unexpected happens, like a broken leg or a first-ever cancer diagnosis, they get stuck with large expenses to pay out of their own pocket before their primary medical plan starts paying benefits.

Help customers fill their gaps in coverage with:

- **Plan Enhancer:** (Accident Medical Expense coverage plus optional Cancer and Heart/Stroke and Sickness Hospitalization riders)
- **TrioMED:** (Accident Medical Expense combined with Critical Illness and Accidental Death and Dismemberment insurance)
