Another unique feature of Health ProtectorGuard, this benefit increases your client’s hospital confinement benefit amount by 25% each year they renew their plan (up through Year 5) specifically for injury-related hospital stays.

Many fixed indemnity plans offer a single surgical benefit amount regardless of the surgical procedure or a complicated schedule. Our plans offer a simple four-tier approach in addition to other payable benefits such as hospital confinement or outpatient facility, anesthesiologist and assistant surgeon, when applicable.
