

You asked, and we listened! Bundle billing will be applied on all new National General Accident & Health business submitted October 11, 2019, and later. When you sell any STM and supplemental packages, your members will be billed in a single draft. Bundle billing will be applied to both monthly and single pay options.\*

**Your clients get:**

- One single draft for all of a member's insurance products.
  - Easy-to-understand billing that only needs to be set up once.
- Full transparency. Members will see what they're paying for at time of quote.

***Bundle billing simplifies and streamlines the billing process for your clients. It's an effortless, automated back-end process for you, too!***

It's just another way we're making NatGen easy to do business with – so you can continue to grow your business!
