

ASSURANT  
Health

## Money and time are precious commodities.

With Assurant Health's new Short Term Medical prescription drug card, you can save your clients more of both. They'll benefit from instant savings and a simplified process and you'll benefit from another tool that helps you sell the nation's top STM plan.

### Savings

- When clients present their drug card at a participating pharmacy, they benefit from instant savings on many prescriptions. Check out the real-life savings example below.

<b>Drug</b>	Commonly used antibiotic Levaquin
<b>Strength and Quantity</b>	500 mg, qty. 10
<b>Retail Price</b>	\$145.99
<b>Price using Card</b>	\$ 98.79
<b>Savings</b>	<b>\$ 47.20</b>

A Savings of  
**32%**

### Simplicity

- No more paperwork! There's no need for clients to submit claims forms – it's all done automatically for them when they use a participating pharmacy.
- Now there's only one card – for every covered family member! Clients get access to both medical and prescription benefits in one, simple card.

## Now, clients have access to great prescription tools, too – all online!

Your clients now get access to valuable prescription information right at their fingertips through [www.medco.com](http://www.medco.com).

- Medco, the #1 pharmacy benefit manager in the nation, provides your clients with helpful information for pharmacy locations, cost comparisons and more. It's a great tool to help clients manage their prescription costs.
- With Medco's national reach, it's easy for your clients to find a participating pharmacy – there are almost 60,000!

Assurant Health is happy to be one of the only companies making a Short Term Medical prescription drug card available to you and your clients. With savings and simplicity as its solid benefits, the prescription card gives you another successful tool in your STM portfolio!
